

# Admission Process

Your 4-Step Guide to UK-Endorsed Healthcare Certification

## The Journey to Professional Excellence

1

### Platform Registration & Account Creation

The first step is to create your personal account on our dedicated e-learning platform. This secure portal will be your hub for all course materials, assignments, and communication.

- Visit the official registration link.
- Click "New Registration" or "Create Account".
- Enter your full name, email address, and choose a strong password.

2

### Complete Your Personal & Professional Profile

After confirming your account via email, log in to complete your profile. Accurate information is crucial for eligibility assessment and certification processing.

- Fill in all required personal details (e.g., nationality, contact information).
- Upload your academic qualifications and professional experience documents.

# 3

## Select Your Certification Program

Browse the available UK-Endorsed programs and select the one that aligns with your career goals. We offer four specialized certifications:

CHM

CPHQ

CPHRM

CPPS

Review the program details, requirements, and expected outcomes before making your final selection.

# 4

## Confirm Application & Pay Fees

To finalize your application, you must pay the non-refundable application fee. This fee covers the administrative costs of reviewing your file and assessing your eligibility.

- You will be directed to a secure payment gateway.
- Choose your preferred payment method (e.g., Credit Card, Bank Transfer).
- Upon successful payment, you will receive a confirmation receipt via email.

**Next Steps: Once your application is submitted and the fee is paid, the admissions team will review your file. Upon acceptance, you will be notified and required to pay the full program fees to gain access and begin your studies immediately.**

## Contact Information

We are here to support you every step of your journey. Do not hesitate to contact us for any inquiries.
